A ROCHA RINGING CONTROLS AND RECOVERIES REPORTED IN 2019

Guillaume Réthoré

The following list refers to birds which were reported from sites other than the original ringing location. This includes two groups of birds: those ringed during the course of Cruzinha ringing operations in the Algarve and subsequently reported elsewhere; and those which had been ringed elsewhere and were subsequently controlled in the Ria de Alvor area or reported to A Rocha Portugal. The recovery circumstances are given.

The following codes are used:

Condition at recovery

Code	**Description**
X	Found dead
XF	Found freshly dead or dying
R	Caught and released by a ringer
VV	Rings or colour marks read in the field
+F	Intentionally killed by man recently

Age when ringed

1 nestling
2 fully grown, year of hatching unknown
3 ringed during calendar year of hatching
4 hatched before calendar year of ringing, but exact year of hatching unknown
5 hatched during calendar year prior to ringing
6 hatched before year prior to ringing, but exact year unknown etc.

Abbreviations used for foreign ringing schemes
